portfolio: <https://georgebaaklini.com>

Concordia Full Stack Web Development graduate. I excel in creating user-centric web solutions, utilizing my strong interpersonal skills. I have a proven track record in efficient coding and effective team collaboration. I'm an enthusiastic, approachable developer keen on meeting challenges head-on. Looking forward to contributing my skills to a dynamic organization.

---

## SKILLS

- Proficient in Full Stack Web Development: HTML, CSS, JavaScript, React, Node.js, Express, MongoDB.
- Proficient in WordPress and Bubble.io for website and app development and design.
- Skilled in team leadership and adept at coordinating with multiple teams concurrently to drive project success.
- Excellent interpersonal and communication skills.

---

## EDUCATION

### FULL STACK WEB DEVELOPMENT BOOTCAMP

Concordia University | Jan 2023 - April 2023

Successfully completed an intensive 3-month Full Stack Web Developer Bootcamp, focused on mastering essential web development technologies and best practices.

---

## EXPERIENCE

### FULL STACK WEB DEVELOPER

Loriginal | Montreal | Dec 2023 - Feb 2024

- Led a team of developers in creating and maintaining Loriginal.org and Artur.art, prioritizing user experience and engagement through the adept use of Wordpress, JavaScript, HTML, and CSS.
- Engineered an AI-powered chatbox for Artur.art, utilizing JavaScript to facilitate interactive user engagements and improve customer service efficiency.
- Spearheaded the development of the Artur app leveraging no-code technology platforms like Bubble.io, streamlining the app creation process and enhancing functionality.

### CREDIT CARD SPECIALIST

TD Bank | Montreal | Feb 2022 - Jan 2023

Played a key role in addressing customer inquiries and concerns over the phone. My primary focus was on delivering exceptional service while helping customers manage their credit card accounts effectively.

## EXPERIENCE (CONTINUED)

### SALES ASSOCIATE

Staples | Brossard | Dec 2019 - May 2021

Provided exceptional customer service and leveraged my product knowledge to assist customers in making informed purchasing decisions. Responsible for maintaining a clean and organized store environment, ensuring that products were well-stocked and easily accessible for customers.

- English (Native or bilingual proficiency)
  - French (Native or bilingual proficiency)
  - Arabic (Limited working proficiency)
- 

## PROJECTS

### PERFECT ELEVEN (FINAL PROJECT)

Web application that I created as my final project for my bootcamp, enabling users to craft their ideal soccer teams. It allows users to search from a broad database of professional players, form their teams according to specific criteria, and submit their final line-ups. The platform also includes a feature for users to view all submitted teams and their respective creators. Technologies : React.js, Express.js, Node.js, MongoDB. APIs: Auth0, SoccersAPI

### LORIGINAL.ORG

Developed and enhanced Loriginal.org during my internship at Loriginal Art Gallery. A website enabling users to browse artists and artwork, purchase pieces, and rent venues. Utilized WordPress, JavaScript, HTML, and CSS for website development. Implemented strategies for content management and user engagement

### ARTUR.ART

Developed and enhanced artur.art during my internship at Loriginal Art Gallery., a platform specializing in custom art orders such as office murals and wall art. Utilized WordPress, JavaScript, HTML, and CSS for website development. Additionally, contributed to the Artur app, built with Bubble.io, facilitating artist-client matching based on preferred artwork, streamlining the process of finding the perfect artist for custom art commissions.
